“ Our knowledge and experience of the built environment is what makes us unique ”

Urban Graphics is an award winning communications consultancy specialising in the built environment.

Whether preparing for the early stages of planning or promoting a new project, our creative team can successfully deliver your vision. We innovate, design and deliver the necessary visual and interactive tools to communicate your message.

about us//

Urban Graphics is led by Bally Meeda who brings thirty years of professional experience in the many facets of digital and interactive design. His knowledge and expertise extend over; cartography; graphic design; digital design; marketing; branding; and training. He is also the author of bestselling book *Graphics for Urban Design*, a trainer at *Urban Design London* and is a visiting lecturer at *Oxford Brookes University*.

“ We are passionate about positively transforming the world we live in ”

20

YEARS OF EXPERIENCE

We are a collective of creative designers and marketing professionals that are passionate about positively transforming the world we live in.

The work we do has an important role to play in promoting urban quality; creating visions; and engaging communities.

Our graphic and illustrative media explains with visual clarity how neighbourhoods, towns and cities work and how they can be improved.

We help raise awareness, inject confidence and attract investment into areas of regeneration. Each project is undertaken with a fresh approach, creative energy and dedication that is embedded into the final outputs.

Urban Graphics can play both a supporting role as an extra pair of hands in the production of graphic outputs and as the project lead on all aspects of visual and interactive communication.

services//

We bring together all elements of visual and digital communication to deliver a clear, coherent message.

testimonials//

The Aylesbury Estate//

London Borough of Southwark

Urban Graphics bought the vision we had for the new neighbourhood at the Aylesbury Estate to life. The film consultation outputs have helped raise the aspirations of residents and key stakeholders involved in this ambitious regeneration programme. We were very impressed with the professionalism and dedication of Urban Graphics.

Kingston Town Centre and Area Action Plan//

Royal Borough of Kingston Upon Thames

Urban Graphics provided a very high quality and responsive service. They collaborated brilliantly with the Council's Team to translate our text and plans into high quality documents and publicity material.

Oxford Brookes Graphics Workshop//

Oxford Brookes University

Epic - the only word that suitably describes the impact of Bally's graphics session with our urban design MA students at Brookes this year. The students loved it; the pitch, the pace, the content, the humour and the message - exactly what was needed.

Woodberry Down Regeneration//

London Borough of Haringey

Urban Graphics has provided a very professional, responsive and flexible service. They have produced innovative and high quality designs that have promoted the project which is now becoming internationally recognised.

Bedford Area Action Plan Graphics//

Bedford Borough Council

The team at Urban Graphics provided us with a fully professional, imaginative and timely service, helping us convey key messages of our Town Centre Vision to our stakeholders, members and investors.

Konza Technology City//

Pell Frischmann

Urban Graphics displayed creative power, determination for excellence and flexibility under pressure in delivery of an imaginative promotional programme for Konza Technology City Masterplan. Their work encompassed 3D visualisations, a video film, a brochure, production of a website and collaborative support to associated team companies.

Pell Frischmann

Reading Local Transport Plan//

Reading Borough Council

Urban Graphics continually helped us to achieve deadlines and deliver an excellent document which was well received both locally and nationally. The illustrative and graphic style was designed in a way that was accessible to all.

Woods Hardwick Rebrand//

Woods Hardwick

The company needed a brand refresh to reflect our evolved image. Urban Graphics brought a renewed energy, enthusiasm and an abundance of ideas to refresh the thirty year old visual identity. We are delighted with the result and the refreshed identity is a true representation of the business today and its future direction.
